The amendment received 25 November 2005 has been made of record. Claims 1 and 3-42 are pending.

The rejection over Song et al contained in the previous office action is withdrawn in view of applicants' arguments.

Claims 1 and 3-42 are rejected under 35 U.S.C. 102(b) as being anticipated by Nakaya et al.

This rejection is maintained substantially as set forth in the previous office action.

Applicants' arguments in traversal appear to focus on the allegation that Nakaya et al fails to disclose melt mixing of crosslinking agent with a polymer having at least one salted group. Applicants' attention is directed to the fact that the claims as presented do not require a polymer with a salted group.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
